when the israeli-lobby asserts that jews, 2.4% of the US population, receive 55% of all religious hate then within 10 days began asserting 'anti-jewish hate is up 388% since 10/7/23' one has to ask who is targeting jews prior to oct7 because white supremacists are leftists in costumes and zionists are white supremacists. so as contrived as it sounds, if many in media repeat it 100x/day, accurate or not, it grows its own legs in the public mind and feeds the fever to turn gaza to rubble faster than any compelling evidence can ever catch up to provide levity.

dead babies killed, 40 beheaded, butchered, dismembered, put in ovens/furnaces and burned alive (by hamas)	<p>hearsay/rumor, no evidence, never confirmed, one dead baby on record and it was shot by IDF in the crossfire rapidly evolved into 40 beheaded babies, but no proof of any beheaded bodies of any age (as of 11/20/23).</p> <p>all the extreme stories are fabricated exaggerated tall tale rumors used to justify the illegal dresden-style bombing that kills/burns/dismembers 500+ children/week (and 500+ adults/week)</p>	most people killed, crushed, dismembered, buried and burned alive on 10/7 and daily since and before 10/7 were likely the result of IDF special forces and tanks shelling the kibbutz, an apache squadron torching cars killing concert goers, carrying out IDF 'hannibal' orders to 'kill everyone all ages civilian/militants incl own IDF to prevent hostage-taking'.	so far, most people killed, crushed, dismembered, buried and burned alive on 10/7 and daily since and before 10/7 were likely the result of IDF
parents killed in front of children, children in front of parents (by hamas)	hearsay/rumor, no proof, inadequate proof (as of 11/20/23)	ditto	ditto
female hostages gang raped, shot then beheaded (by hamas), one allegedly with a garden hoe (implausible)	no proof, inadequate proof (as of 11/20/23), on track to remain under-proven, incl one witness who alleges seeing 8-10 militants gang-rape a female then shooting her; others beheaded	tough to rape in the middle of combat under heavy fire from tanks and special forces, gang-rape far less likely; very hard to behead adults; most likely didn't occur	no reason to trust/believe any western state incl israel at face value
<p>hamas HQ under al-shifa hospital (used by hamas)</p> <p>BBC article</p> <p><a href="#">IDF evidence so far falls well short of al-Shifa hospital being Hamas HQ</a></p>	<p>inadequate token proof (as of 11/20/23), may remain under-proven for near term.</p> <p>video presented has various anomalies incl edits when IDF asserts it has none, evidence of small arms shown in a bag on day 1 was changed on day 2, arms allegedly found could easily be planted.</p>	every healthcare professional at the hospital continue to assert there are no tunnels at the hospital and no connections to hamas.	ditto
all palestinians are antisemitic, supporting palestinian rights is antisemitic	big irony: arabs and palestinians are semites, while over 80% jews are not.	palestinians can equally claim that everything israelis and christian crony/backers say and do are antisemitic	jews may not be half the semites palestinians are, and may not be semites at all
palestinians teach kids to hate and how to kill jews	a couple dozen toddlers are seen in videos, we dont know who made these, where they are viewed, who sees them, or how authentic these videos are.	this is very problematic, but we dont know enough about the video to know who made it and israel isn't giving us more info.	kids may be kidnapped orphans obeying pedophile captors
israel doesnt speak for all jews or represent judaism	israeli leaders claim to represent all jews, to make all criticism of Israel 'antisemitic'	israelis do it on purpose to get their way on everything	the goal is to obfuscate

zionism is antithetical to judaism | anti-zionism is not antisemitism

claim	evidence	better explanation	most likely
not all zionists are jews, not all jews are zionists	christian zionists created funded supported jewish zionists and militants	a zionist is anyone who promotes a jewish ethnostate	settler colonizers upset the peace
israel is not an occupying force; not a colonizer	<p>baseless claim when all evidence across decades indicates the contrary:</p> <p>if palestinians have no equal rights, or self-determination, and if they do not administer their own ID card system, have little control of their own energy, food, water, sewage, healthcare, imports, we cant pretend they are sovereign.</p> <p>when your people are divided by 190 checkpoints incl 49 staffed by the israeli military, not allowed to come and go freely, not allowed entry into israel to visit or to live there, but are forced to stay where they were born and not move or marry outside that zone. if one of your palestinian parents moves zones to marry your other parent, the kids get punished for life with 'stateless' status, unable to open a bank account, get a driver's license, go to college, travel, own a home, live a normal life and prosper.</p> <p>you are occupied, not sovereign when your people's freedom to travel for work/leisure, are all strictly checkpoint-controlled/permitted by a larger nation. when their caloric intake is strictly rationed and it's all administered per iron-fisted rule by another nation.</p> <p>one that forcibly pushed your people out of their homes and off their land into concentration camps the day they arrived to betray you as did the UK before them (1916), then spent the next 75 years sending hostile ultra-nationalist ethno-supremacist settlers into your UN-designated areas to continue stealing your land/property and to harass, threaten, abuse, terrorize your people under a persistent apartheid regime...</p> <p>in addition to coping with life in an apartheid regime, the colonizer wages 6-12 military massacres to kill/dismember and terrorize/burn your people incl children/babies, level half your homes, communities, livelihoods, economies to</p>	<p>indeed, israel withdrew 95% of the military and 9000 hostile settlers from gaza in 2005 only to redeploy them to colonize the west bank, but that did not end the occupation as israel continues to date to administer all three territories in every way. inside gaza, they replaced troops with undercover spies, drones and networking surveillance cameras to make the gaza 'territory' the most surveilled prison-like 140 square miles on the planet.</p> <p>so gaza is now more effectively occupied than ever, where a 9 meter tall steel wall, drones, spies and surveillance supplanted the need to keep troops inside gaza. keeping thousands of troops behind a security wall surrounding gaza allows israel to appear as if they are not occupiers.</p>	<p>the opposite is true: israel is still an occupying force and just another genetically white european colonizer that conspired with the UK in 1917 and the UN in 1947 to establish itself with a contrived land claim refuted by 2000 years of euro-origin (not from near east) ashkenazi genetics since christ.</p> <p>israel was allowed by european institutions to outright steal the land/resources from the local indigenous tribes, and forcibly move them into reservation camps (a repeat of what the US did to native tribes 1600s-1800s).</p> <p>israel is literally a key white european base in the oil-rich middle east featuring the last vestige of colonial apartheid unopposed by</p>

<p>palestine never existed before israel</p>	<p>the land of judea was named syria palestina 132-390 AD when the romans conquered/ejected the jews, it was called the palestine mandate by the UK 1920-1948. so the land has a 2000 year history as palestine before israel came along. it's not secret knowledge.</p>	<p>yes it did. it existed 1920-1948 and 2000+ years ago.</p>	
<p>palestine is a sovereign state</p>	<p>palestine is not sovereign to any degree by any measure and is still not recognized as a sovereign nation by the UN thus has no power to do anything.</p> <p>if palestinians have no equal rights, or self-determination, and if they do not administer their own ID card system, have little control of their own energy, food, water, sewage, healthcare, imports, we cant pretend they are sovereign.</p> <p>when your people are divided by 190 checkpoints incl 49 staffed by the israeli military, not allowed to come and go freely, not allowed entry into israel to visit or to live there, but are forced to stay where they are and not move or marry outside your zone. if one of your palestinian parents moves zones to marry your other parent, the kids get punished for life with 'no-state' status, unable to open a bank account, get a driver's license, go to college, travel, own a home, live a normal life and prosper.</p> <p>when your people's freedom to travel for work/leisure, are all strictly checkpoint-controlled/ permitted by a larger stronger nation. and when their caloric intake is strictly rationed and it's all administered per iron-fisted rule by a stronger nation, you are occupied, not sovereign.</p>	<p>it is not sovereign to any degree</p>	
<p>the right of self-defense</p>	<p>the right of self-defense can be invoked by detainees deprived by captors of their human rights, trapped in a tyrannous penal colony or concentration camp.</p> <p>it cannot be invoked by a colonizer state featuring a european-style apartheid regime and illegally occupying territories</p>	<p>palestinians trapped in walled camp reservations under armed occupation can claim the right, but they can't terrorize civilians.</p> <p>the occupier state ex israel that controls everything in the camp can not claim self-defense if</p>

	that it runs like native reservation camps denied basic human rights.	attacked.	
<b>israeli claim</b>	<b>evidence</b>	<b>better explanation</b>	<b>most likely</b>
israel didn't start this. on 10/7, unprovoked and for no good reason, hamas broke a ceasefire to surprise attack israel	the whole world knows this unending conflict is anything but unprovoked and that it didn't suddenly start on 10/7.  everyone knows it goes back over 7 decades and incl 12 different lopsided dresden style war crime blanket bombing campaigns that has turned over 100K palestinian civilians (half of them children) into martyrs.	the conflict didn't begin in 1948 when israeli zionist settlers and militias started forcibly pushing arabs and palestinians out of their homes and homeland aka out of the way to make room for the new european settler colonizers during the 1947 civil war.	
20% of israel citizens are arabs living in harmony sharing prosperity	israeli arabs can vote and run for knesset, be judges, but never access other high offices and places as jews.  these arabs were the token tribes allowed to stay in their homes on their lands/towns, who were not violently displaced and made refugees in 1948; one has to wonder why they werent uprooted; what earned them untouchable status? and even for them, it's not all rainbows and unicorns.  iran, turkey also have jewish diasporas who live safe full lives, run stores proving they have no gripe with jews, are not out to kill the jews, take issue only with the israeli-supremacists, apartheid regime and israeli state.	and there's plenty of animosity for the systematic 2nd class citizenship of arab israelis and lesser opportunities/facilities generally for arabs.  there's plenty of tension in mixed cities, protests, vandalism, that ramp into riots, arson, shootings/killings and bombings.  Khamenei says: 'We are not antisemitic. Jews are living in utmost safety in our country' and explains Iran's goal is to 'wipe out Israel; the sinister regime, not the Jews'	
israel is a jewish state, only of the jewish people	Benjamin Netanyahu says Israel is 'the nation state not of all its citizens but only of the Jewish people' (2019)	2018 law declares Israel the nation-state of the Jewish people, says only Jews have the "right to national self-determination"	
all jews connect to the ancient hebrews	no they dont. studies find jews are genetically white europeans since before Christ, are not from the middle east, are not Canaanites, not Semites, and are not connected to the ancient Hebrews.  in 70 AD, before the jews were forced into 2000 years of exile, 92% jews lived across the roman empire, most in southern europe ex italy.  70-300 AD, 25% judea/palestine's population were jews, they were always	there is little to no connection between the genetically white european ashkenazi since Christ (not from the near east) who created/settled israel 2000 years after the israelites, the canaanites or the semites. these are genetically different people/lineages. 92% jews (6M) in 70 AD populated all of the roman empire (not judea).  btw the romans named judea

<b>israeli claim</b>	<b>evidence</b>	<b>better explanation</b>	<b>most likely</b>
two-state solution	<p>unviable talking point permanently sabotaged by decades of ongoing hostile illegal israeli settlements inside UN-designated palestinian lands. that's irrefutable fact that everyone involved knows has been true for decades now.</p> <p>the UN's original two-state design with 3 separate disjointed arab territories surrounded by israel was doomed to failure out of the gate and the experts involved in planning the UN partition plan had to see the issue the entire time and know it designed to fail and the result by default would inevitably be one ever-expanding jewish state featuring endless apartheid with 9m walls around three separate refugee reservation camps.</p> <p>then repeat violent strife would inevitably lead to israel pushing palestinians out of gaza permanently into the sinai, a few years later pushing them permanently out of the west bank into jordan, and finally, pushed out of east jerusalem to anywhere in the world who takes them (like the one way tickets out of gaza).</p>	<p>due to decades of illegal israeli settlements pervasively encroaching into the west bank, it's a talking point used to pretend the original 1948 partition plan is not dead unachievable when the design was doomed to fail from the very start; dead on arrival, a pipe dream; never had a chance in hell.</p>	<p>due to decades of illegal israeli settlements, a one-state binational jewish/arab nation with equal rights for all is the only option.</p> <p>the only other option is to progressively push arabs out of greater israel into the rest of the world, which is what israel has been doing.</p>

irony (since oct7): if 1000 civilians get killed in a half day of crossfire between camp militants and the occupation military, they blame it on terrorism, then when the europeans/israelis start slaughtering 1000/week civilians they justify the killing as 'collateral damage', sell it as 'self defense' and find ways to blame all death on all sides on the stateless camp militant groups the occupier created/funded.

recap repeat: if jihadis kill 1000 civilians, the west calls it terrorism. if europeans/israelis slaughter 1000/week civilians, it's never terrorism, it's justified retribution, collateral damage, self defense.

bottomline irony (since birth of israel): with no genetic jewish near east origins, connection or ties to lands outside of europe, it would seem israel had no valid land claim in 1948 and has no claim now, yet conspired with european institutions, the UK in 1917 and the UN in 1947, to wage a fraudulent land invasion/eviction campaign in 1948 to forcibly displace/occupy the arab semites from judea.

israel used UN resolutions of 1947-48 to officially legitimize itself, but then ignored all other UN peace plan, refugee problem, and humanitarian resolutions ever since. israel acts like a bratty selfish child since birth who never obeys it's own mother. the region could be decades post-apartheid by now.

ps. you can be pro-jewish anti-israel and half of world jews are exactly that and they're organizing the pro-palestine pro-equal rights anti-apartheid anti-civilian massacre solidarity/mourning marches.
